## LTMA 70KM

(Light Truck Mounted Attenuator)

### Reduce congestion and damage

The unique and light design of the LTMA 70KM makes it possible to use on all sort of roads. It's only about half the size of a regular TMA truck and perfect for metropolitan and city roads.

Used daily on roads during short and long term projects, the small and lightweight truck reduces both traffic congestion and road damage.

- **Improve traffic flow**
- **Ideal for roads with ongoing works & reduced speed limits**
- **Requires only a Light Rigid drivers licence**

Every traffic vehicle sold through INNOV8 Equipment can be customised with extras to suit any budget and specific requirements.

#### Including

- **Airbag suspension**
- **Drop wells**
- **Sign cages**

#### And installation of

- **Arrow Boards**
- **Amber warning lights**
- **UHF radio**
- **Plus more!**

Complete new builds or upgrades to existing vehicles. Discuss your exact requirements with us and we'll help you find the right solution.

Every LTMA sold through  
INNOV8 Equipment comes:

- ✓ **Blue plated**
- ✓ **Approved by an Authorised Vehicle Examiner**
